Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Westhaven Community Health Clinic in Fiscal Year 2027. The entity to receive funding for this project is the Village of North Baltimore located at 205 North Main Street, North Baltimore, Ohio 45872. The funding would be used to renovate and repurpose vacant space formerly used as a senior center at 514 W. Water St, North Baltimore, OH into a community health clinic. The project is an appropriate use of taxpayer funds because the clinic will provide primary care, behavioral health services, preventive screenings, and chronic disease management to residents of North Baltimore and surrounding rural communities, including residents of Westhaven Senior Apartments.

The project has a federal nexus because the funding provided is for purposes authorized under the Public Health Service Act.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Robert E. Latta
Member of Congress
